

Video Orbiter

There are three modules throughout this course. You can choose which modules you would like to complete or you can select all three!

In Module 1 you will learn how to create playlists in YouTube and share them with students.

Module 2 teaches you how to use editing tools and create your own videos or screencasts using WeVideo. You will trim audio & video clips, add transitions, titles, music, themes, and so much more!!!

Finally, Module 3 introduces you to Vizia! You will use Vizia to make YouTube videos more interactive and learn how to use them for assessments!

•Developed by Educators, for Educators•

This course was developed by the Central 301 School District Instructional Coaching staff and will be taught by Katie Algrim, Director of Innovative Professional Learning at the Kane County Regional Office of Education.
